Dear Sir or Madam:

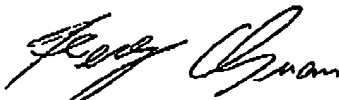

I have not received any communication from the PTO office in the past year. On Monday, March 14, 2005, I called Inventors' Assistance Center to check the status of my patent application. During the conversation, I was told that in August 2004 an "Office Action" was sent to the address of "2600 Golf Road, #705, Glenview, IL 60025", which was the correct address. I never received that "Office Action". If I had received it, I would have responded to it immediately. As you may know, this patent application is very important to me.

I hope you will be kind enough to grant my petition to withdraw holding of abandonment and remail the "Office Action" based on the following facts and evidence:

1. I never received the "Office Action" which was sent in August 2004. A search of the file jacket indicates that the Office communication was not received.
2. Docket record doesn't exist because I, as a private individual, do not keep docket record.
3. A copy of docket record is not available because I, as a private individual, do not keep docket record.
4. A reference to docket record is not available because docket record doesn't exist.

If you have any questions, please don't hesitate to contact me at 847-962-2439.

Sincerely,

Feng Guan
